Prediction Result: Healthy

Trusted Advices For You:

Your test results show no signs of Parkinson’s disease. Keep maintaining healthy habits that support long-term brain and motor function.

Preventive Advice for Brain & Nerve Health ----

Diet & Nutrition :

- Eat a balanced diet rich in antioxidants – fruits, vegetables, and whole grains.
- Include omega-3 fats (from fish, walnuts, flaxseeds).
- Stay hydrated and avoid excessive caffeine or alcohol.

Brain Health Monitoring :

- Stay mentally active – puzzles, reading, learning new skills.
- Sleep 7–9 hours per night for brain repair.
- Manage chronic conditions like diabetes and high blood pressure.

Active Lifestyle :

- Exercise regularly to maintain balance, flexibility, and strength.
- Avoid smoking and limit alcohol.
- Manage stress through yoga, meditation, or hobbies.

Early Warning Awareness :

- If you notice tremors, slow movement, or stiffness, consult a doctor early.
